

1894-95. Small Roman Surcharges.2 Atls on 64 Atls.Setting B 1.

*Apparently only a single half sheet of this issue was doubly surcharged.
 The first time it seems to have been passed through the press almost without
 ink, thus necessitating a second impression. —
 Only slight traces of the first impression can be seen in this block. —*

Double surcharge variety 2 Atls.
The only known copy of the double surcharge with this variety.
